

# DeMers Prayer and Praise

Enjoying a visit with N

## Praise God for:

**-the first chapters** of the Gospel of Mark have been sent to our consultant. This is an important step in the translation process, and we rejoice in what the Lord has done

**-harvest** time in Montana. Snowy weather in the north, and approaching holidays made it prudent to head south a

bit ahead of schedule. We were prepared: U has plenty of translation materials to work on, Margaret is confident in her back translation ability, and they are both settled in for the winter in La Loche. We keep apace electronically.

**-for U's son**, T's health report. An MRI showed that his cancer has not spread and his pain is due to past surgery. Hopefully the cancer in his liver can be removed.

**-for answers to prayer** for Tim and Ginny Gradin. We look forward to seeing what He has provided when we return next season, and He is providing!

**-the Lord's protection** over the harvest crew. We see evidence of this often as we watch the trucks and harvest equipment at work.

**-the Steer, Inc. conference** in Bismark, ND, which I attended with "our farmer's wife." Mark and Melanie have raised steers and heifers for us through Steer, Inc. for several years now. Our cow, Blessed II, has been very fruitful. This year's calf is known as Philippe Minion. What a tremendous way to help support Bible translation. We are so blessed and grateful.

## Please pray:

...this month we faced some need realities. Within hours of praying, God provided direction from WBT colleagues at the Steer, Inc. conference. Then Romans 5:3... spoke volumes to me through my Bible study. Rejoice! God's got this!

...for protection as we and our teammates travel in winter conditions.

...we invite you to prayerfully consider partnering with us financially. Over time, our financial partnership has declined, but the need of God's Word among the people group continues. The Lord has given us health and strength along with fitting us for this need. We are committed to serving.
