## Speaker: Sandi Fellman

*Sandi comes to us with the experience of wife, mother, grandmother, speaker, mentor to many and a dear friend. She is strong in faith, passionate for God's Word and deeply desirous for women to live in truth. Creative, fun, approachable, sincere, authentic, courageous are all words that describe Sandi!*

## Women Walking in Truth

*We live in a world where not all we hear is true. If we are honest, even when we listen to our own heart what we hear is too often not true. Come join us, listen and learn about the lies women believe, and the truth that sets them free.*
